

OCTOBER 26-28, 2016

WINNIPEG, MB

In this International Year of Pulses, it is our pleasure to invite you to the 10th Canadian Pulse Research Workshop. To get background information and register, go to:

<http://www.pulseresearch.ca>. Early bird rates apply until April 30, 2016.

The meetings will be held at the Delta Hotel* in Winnipeg, Manitoba on the 25th (opening mixer) 26th, 27th and 28th of October, 2016 ending at noon on the 28th. However, there will be a second special workshop on the afternoon of the 28th for those of you interested in pulse protein quality.

An exciting program which includes a Plenary Session with two stimulating speakers as well as the following technical sessions has been planned:

Genetics and Plant Breeding

Agronomy and Pathology

Environment

Nutrition and Food

In addition to student travel awards and presentation prizes, we are collecting short videos to prepare a montage of pulse research in Canada. There will be a prize for the top video by a graduate student or postdoctoral fellow but all researchers are encouraged to participate.

Everything you need to know can be found at:

<http://www.pulseresearch.ca>

You can also contact workshop organizers at CPRW2016@gmail.com

* Delta Hotel

350 St Mary Avenue
Winnipeg, Manitoba R3C 3J2

Rooms for \$169/night

Access to the group rates can be found at the workshop registration website or at
